This Profile provides information about the application of IFRS Standards in Nicaragua. IFRS Standards are developed and issued in the public interest by the International Accounting Standards Board (the Board). The Board is the standard-setting body of the IFRS® Foundation, an independent, private sector, not-for-profit organisation.

This Profile has been prepared by the IFRS Foundation based on information from various sources. The starting point was the answers provided by standard-setting and other relevant bodies in response to surveys that the Foundation conducted on the application of IFRS Standards around the world. The Foundation drafted the profile and invited the respondents to the survey and others (including regulators and international audit firms) to review the drafts, and their comments are reflected.

The purpose of the IFRS Foundation's Jurisdictional Profiles is to illustrate the extent of implementation of IFRS Standards across the globe only. The Profiles do not reflect the intellectual property licensing status of IFRS Standards within any given jurisdiction. The IFRS Standards are protected by copyright and are subject to different licensing arrangements according to jurisdiction. For further information, please contact Licences@ifrs.org.

RELEVANT JURISDICTIONAL AUTHORITY

Organisation	Superintendencia de Bancos y Otras Instituciones Financieras (SIBOIF) [Superintendency of Banks and Other Financial Institutions] El Colegio de Contadores Públicos de Nicaragua (CCPN) [Institute of Certified Public Accountants of Nicaragua]
Role of the organisation	SIBOIF supervises listed companies, banks, insurance companies, and bonded warehouses. It establishes accounting requirements for those entities. In supervising banks, the SIBOIF requires loan applicants to submit financial statements prepared using either IFRS Standards or the <i>IFRS for SMEs</i> Standard. The CCPN has issued Nicaraguan GAAP for more than 50 years. There is no accountancy law in Nicaragua, which means that Nicaraguan GAAP is a professional requirement rather than a statutory requirement. In 2011, the CCPN formally adopted both IFRS Standards and the <i>IFRS for SMEs</i> Standard as part of Nicaraguan GAAP.

COMMITMENT TO GLOBAL FINANCIAL REPORTING STANDARDS

Has the jurisdiction made a public commitment in support of moving towards a single set of high quality global accounting standards?

Yes.

Nicaragua's commitment to IFRS Standards is demonstrated by the adoption of IFRS Standards and the *IFRS for SMEs* Standard by both the CCPN and the SIBIOF.

Has the jurisdiction made a public commitment towards IFRS Standards as that single set of high quality global accounting standards?

Yes.

Nicaragua's commitment to IFRS Standards is demonstrated by the adoption of IFRS Standards and the *IFRS for SMEs* Standard by both the CCPN and the SIBIOF.

What is the jurisdiction's status of adoption?

Nicaragua has adopted the IFRS Standards and the *IFRS for SMEs* Standard.

Additional comments provided on the adoption status?

There is no accounting law in Nicaragua. The CCPN has adopted both IFRS Standards and the *IFRS for SMEs* Standard as professional requirements in Nicaragua.

The SIBOIF requires all listed companies to use full IFRS Standards or US GAAP in financial statements for investors.

The Superintendency of Banks and Other Financial Institutions (SIBOIF) has developed accounting manuals for banks, insurance companies, and bonded warehouses. These are prudential accounting standards based partly on IFRS Standards, but there are some important differences from IFRS Standards.

The SIBOIF also requires all applicants for loans from financial institutions to prepare financial statements using either full IFRS Standards or the *IFRS for SMEs* Standard.

The Tax authority permits both full IFRS Standards and the *IFRS for SMEs* Standard as valid basis of accounting for tax purposes, with a reconciliation to Nicaraguan tax law where the tax law differs from IFRS Standard or the *IFRS for SMEs* Standard.

The World Bank's March 2011 Report on the Observance of Standards and Codes (ROSC) titled *Nicaragua: A Review of Accounting and Auditing Practices* is [available here](#).

If the jurisdiction has NOT made a public statement supporting the move towards a single set of accounting standards and/or towards IFRS Standards as that set of standards, explain the jurisdiction's general position towards the adoption of IFRS Standards in the jurisdiction.

Not applicable.
