To discuss plans for outreach for the International Sustainability Standards Board's (ISSB) Consultation on Agenda Priorities and the associated Request for Information (RFI) which will seek public feedback to inform the ISSB's next work plan and is expected to be issued in **May 2023**.

Question for SSAF members

1. Do you have comments on the staff's tentative outreach plans?
2. What sort of outreach activities should the ISSB undertake?
3. How could SSAF members assist with the ISSB's outreach activities?
4. How can the ISSB support SSAF member's outreach?

Key reminders and goals

What is the Consultation on Agenda Priorities?

The ISSB's Consultation on Agenda Priorities seeks feedback on the strategic direction and balance of the ISSB's activities and on a prioritised list of potential new research and standard setting projects to inform the ISSB's **two year** work plan following the consultation.

Goals for outreach

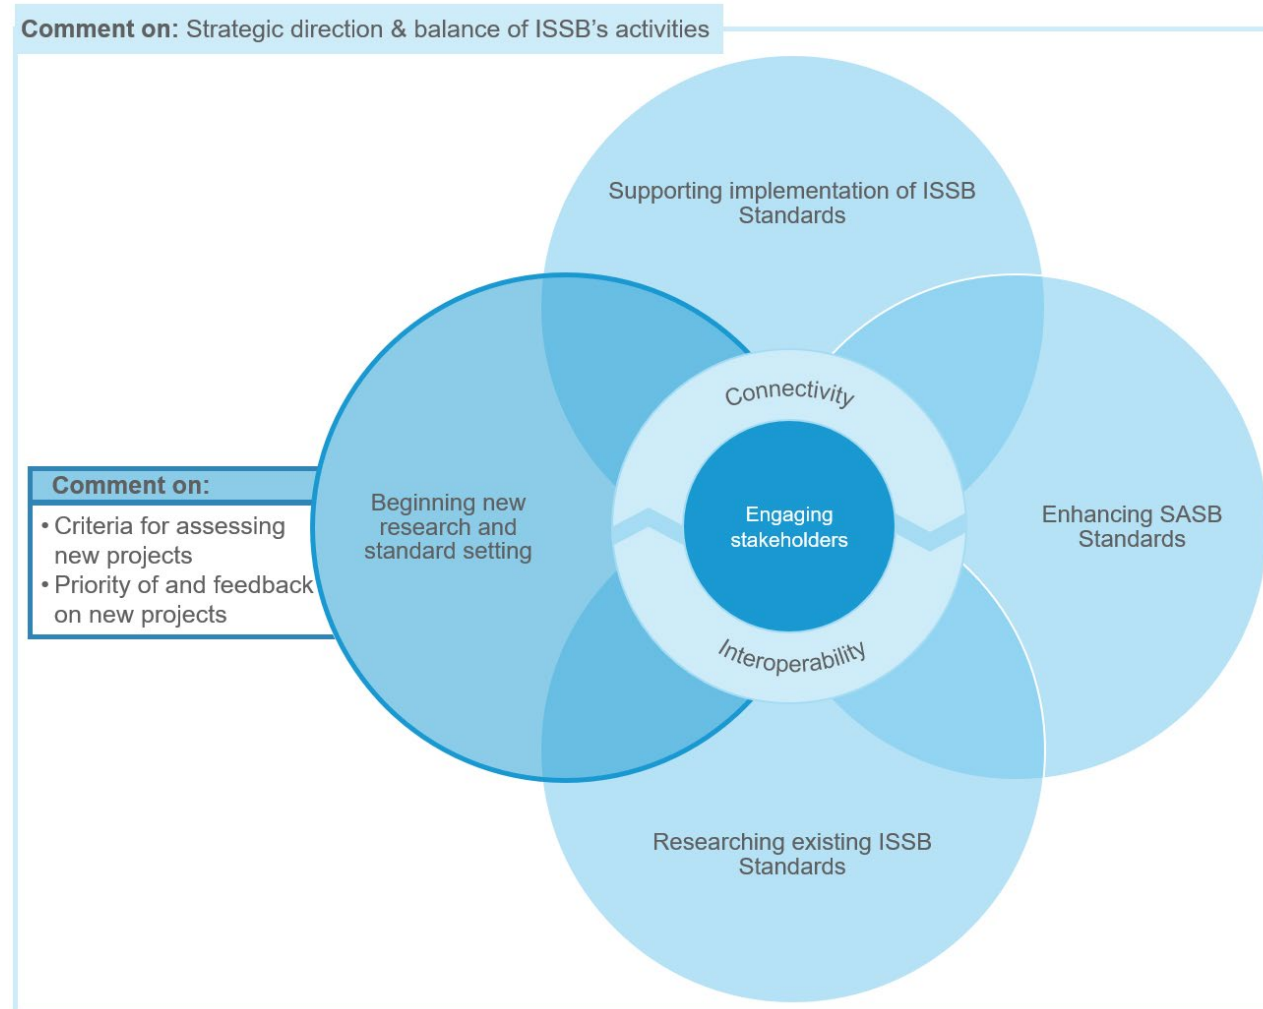

- Quality of responses over quantity of responses
- Appropriate mix of ISSB stakeholder groups
- Geographical coverage

Key reminders and goals

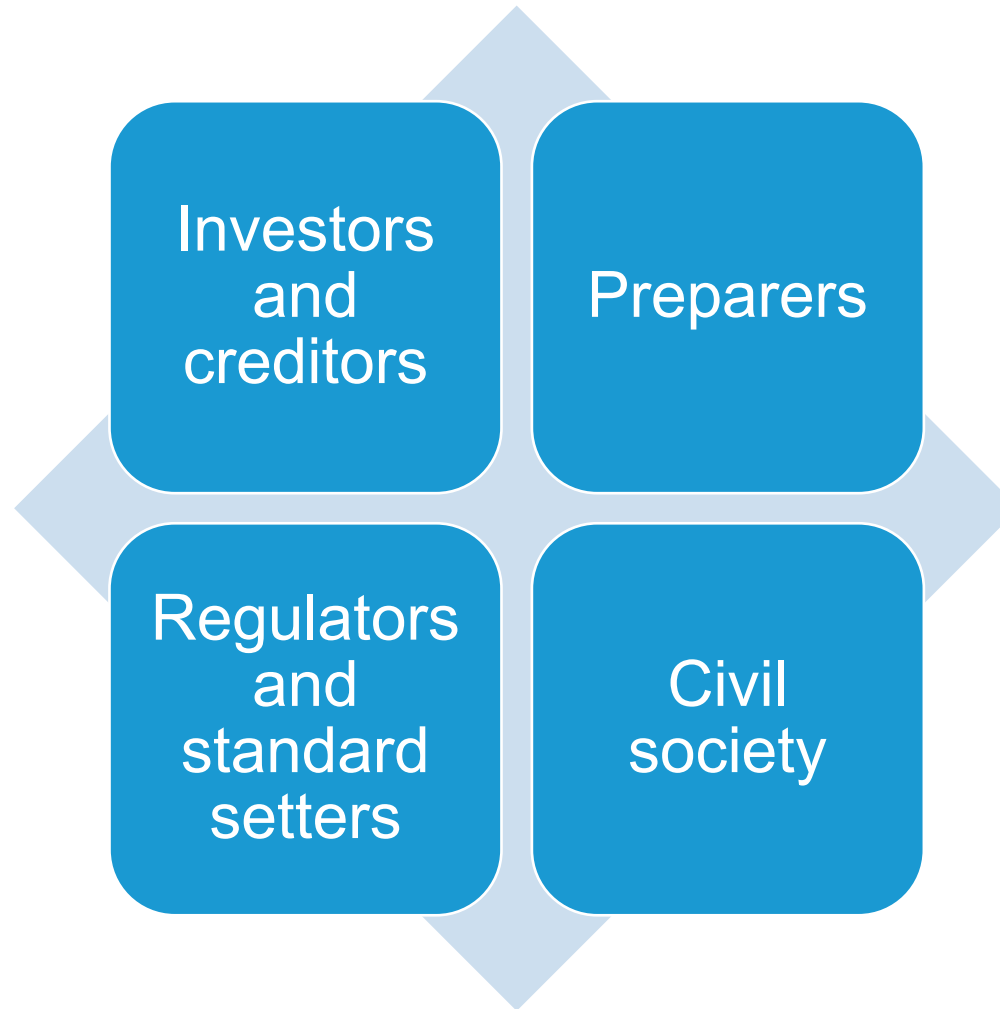

Key communication points

- Survey responses are preferred
- Four new potential projects are larger, resource intensive **research projects**
- ISSB will leverage and build upon materials of the ISSB and other standard setters and framework providers to expedite the work, as appropriate
- Based on RFI feedback, ISSB may decide to add only one or two projects to its work plan
- Projects not included in the RFI, or that are not added to the ISSB's work plan should not be seen as 'off the table' for future work plans
- ISSB is primarily seeking feedback on the four new potential projects; however, stakeholders may suggest other projects
